EXPERIENCE

TAX ASSOCIATE, TAX SENIOR
RBM, Postlethwaite & Netterville, EisnerAmper | Sep 2020 - Current

Prepared tax returns and researched tax law and rate changes.
Developed streamlined tax filing solutions, automating tax preparation processes and saving an average of 10 hours per week using Alteryx and other BI tools.
Created efficient report building solutions for client-end reports and managerial reports in several tools, including PowerBI, reducing report generation time by 80%.

BI DEVELOPER & CONSULTANT
Freelance | Oct 2019 - Sep 2020

Developed custom applications for accounting professionals, streamlining data preparation tasks and reducing time spent on manual efforts from hours to minutes.
Created applications to convert raw data into state-approved upload files for tax returns, saving an average of 5 hours per return.
Reformatted unstructured data files into standardized forms for processing and reporting, improving data accuracy.

SOFTWARE DEVELOPER II, TAX ANALYST II
CenturyLink | Jun 2016 - Jun 2020

Gathered requirements and prepared documentation based on SME input, resulting in an increase in project clarity and alignment.
Automated ETL processes, enhancing analysis capabilities and saving over 50 collective hours per month.
Set up and maintained Alteryx Server application on cloud infrastructure, ensuring seamless usage of Alteryx business solutions.
Trained employees on using business intelligence tools, leading to cross-team improvement in work efficiency.
